

AP SPANISH LANGUAGE AND CULTURE · SEMESTER 1 MIDTERM PRACTICE

Oral practice pack (Parte 2)

Original practice: not actual or predicted exam questions.

What is known about Parte 2

Fact	Status
One spoken free-response question, about 7 minutes, 20 points	Verified (course overview)
Recorded in Extempore; one attempt to submit for grading	Verified (course Extempore page)
A single-attempt question you open and leave can lock; refreshing or exiting can too	Verified (course page; Extempore help)
Prep time, response time, playback and attempts	Configurable per assessment; not visible for this exam
Whether Honorlock applies to the oral	Unconfirmed
Prompt type (opinion, interview, cultural comparison, description)	Unknown. Unit 2 objectives mention a simulated interview; Unit 1's oral assessment was a cultural presentation. The prompts below cover all four.

A 7-minute practice session (practice structure, not the official one)

Minutes	Do
0:00 to 1:00	Read or hear the prompt. Write the four beats: claim, reason 1, reason 2, counterpoint.
1:00 to 2:30	Key words only: two examples, three connectors, one subjunctive sentence. No full sentences on paper.
2:30 to 5:00	Record. Aim for steady speech; if the real prompt gives a different response time, follow it.
5:00 to 7:00	Listen back once and score with the rubric below. Write one fix for next time.

On the real exam, follow the on-screen limits. Do not plan on re-recording.

Prompts

Oral 1 · Opinión. «¿Debe un país endeudado reducir el gasto en salud y educación para pagar su deuda externa? Da tu opinión y defiéndela.»

1. Claim (about 15 s): «No estoy de acuerdo, porque...»
2. Reason 1 + example (about 45 s): the social debt; less money for hospitals and schools.
3. Reason 2 + example (about 45 s): devaluation or effects on today's students.
4. Counterpoint (about 30 s): paying keeps credit; answer it: renegotiate terms instead.
5. Close (about 15 s): restate and recommend with *es necesario que* + subjuntivo.

Model opening: «Considero que un país no debería recortar la salud ni la educación para pagar su deuda, porque eso crea otra deuda: la deuda social con su propia gente.»

Oral 2 · Medio ambiente. «Describe un problema ambiental de tu comunidad, explica sus causas y propone soluciones.»

1. Name the problem and where it happens.
2. Three causes, one sentence each.
3. Three solutions: one personal, one local, one government.
4. Conclusion: why it matters to people's lives (health, money, migration).

Useful words: la escasez de agua, el consumo responsable, las energías renovables, el reciclaje, a nivel local.

Oral 3 · Población. «Algunos dicen que el envejecimiento de la población es un problema; otros, que es una oportunidad. ¿Qué piensas?»

1. Take a side or a qualified side.
2. Reason: pensions and care (menos trabajadores por jubilado).
3. Reason or counterpoint: what older people contribute (experiencia, voluntariado, cuidado de los nietos).
4. Close with a proposal (sistemas de cuidados, trabajo a tiempo parcial).

Model thesis: «El envejecimiento es un reto, pero también una oportunidad si preparamos las ciudades y los hospitales a tiempo.»

Oral 4 · Migración. «¿Cómo cambia la migración a la comunidad que recibe a los inmigrantes? Usa ejemplos.»

1. Define the receiving community in one line.
2. Example 1: culture (comida, idioma, fiestas).
3. Example 2: economy or services (trabajo, escuelas).
4. Counterpoint: challenges (vivienda, integración) and a response.
5. Close: por otra parte, la migración también transforma la comunidad de origen.

Useful words: la comunidad receptora, el arraigo, enriquecer, la integración, por otra parte.

Oral 5 · Bienestar y descripción. «Tu ciudad te pide diseñar un espacio público nuevo para tu barrio. Descríbelo y explica cómo mejoraría el bienestar de los vecinos.»

1. Describe it with three components: lugar, distribución (en primer plano, al fondo), acción.
2. Physical wellbeing: who exercises there and how.
3. Social wellbeing: who meets there.
4. Equity: who has had no such space until now.
5. Close with one rule that keeps it maintained.

Model line: «En el centro habría una cancha iluminada y, al fondo, una zona de sombra con bancas para los mayores.»

Oral 6 · Entrevista simulada (about 40 s per answer). 1. ¿Qué es para ti la conciencia social? 2. ¿Recuerdas un ejemplo de acción colectiva? 3. ¿Por qué a veces la gente sabe de un problema pero no actúa? 4. ¿Qué harías tú para cambiarlo?

1. Answer each in two or three sentences; start by echoing the question.
2. Q2: who, what, result.
3. Q3: give a reason and an example (lástima vs acción).
4. Q4: use the conditional: «Yo organizaría...».

Keep each answer to about 40 seconds; the course's objectives list a simulated interview, but the midterm oral's format is not confirmed.

Oral 7 · Comparación cultural (PPP). Fact card: «La minga: en varias comunidades andinas, como en Ecuador, Perú y el sur de Chile, los vecinos trabajan juntos sin pago en una obra común, como arreglar un camino o recoger una cosecha. Al final suele haber comida para todos.» Compárala con una práctica de tu comunidad.

1. Intro: the topic and the community (20 to 30 s).
2. Product and practice: what people do and what exists (45 to 60 s).
3. Perspective: the values behind it, reciprocity and solidarity (30 to 40 s).
4. Your community: one similarity, one difference (30 to 40 s).
5. Conclusion (15 to 20 s).

Timings follow the course's Unit 1 cultural presentation (1.14). Perspective is the row that earns the most and is easiest to skip.

Oral 8 · Circunlocución, 15 seconds each: la sequía, el reciclaje, la jubilación, la vivienda, el desempleo, la frontera, el voluntariado, la contaminación.

1. Use a different strategy each time.
2. One sentence only.
3. Record yourself and listen for English or long pauses.

Models: la sequía, es cuando no llueve durante mucho tiempo; la jubilación, es cuando una persona mayor deja de trabajar y recibe una pensión; la frontera, es la línea que separa dos países.

Self-check rubric (custom practice rubric)

Categories adapted from the course's Unit 1 oral rubric (1.14: topic, pronunciation, presentation, mechanics, vocabulary) plus a strategies row for circumlocution. The midterm oral rubric was not visible; scores here are for tracking progress only.

Category	5	3	1	Score
Tratamiento del tema	Answers the exact prompt the whole time, with detail	Mostly on topic; some drift	Off topic or a few general lines	
Pronunciación y ritmo	Easy to understand; self-corrections help	Understandable; some errors slow the listener	Hard to follow; long pauses	
Organización	Clear beats with transitions (primero, sin embargo, por lo tanto)	Some order; few transitions	A list of sentences	
Mecánica	Varied tenses, subjunctive where needed, few errors	General control; some errors	Frequent errors that block meaning	
Vocabulario	Varied, topic words from Unit 2, idioms	Adequate but basic	Very limited; English words	
Estrategias	Circumlocution or a bridge phrase whenever stuck; no English	Some recovery; a short silence or two	Switches to English or stops	
Total				___ / 30

Recording log

Date	Prompt	Score / 30	Where I stalled	Fix next time

Study sequence, Day 1 to Day 7 (about 7 hours)

About an hour a day; move days to fit your own schedule. Recall first, then check, and revisit items you got right too.

Day	Do
Day 1 (about 1 h)	Key ideas, then the essay, reading and listening lessons. Close the guide and write the three MC traps from memory. Then practice questions 1 to 15 and the course flashcards; recall before flipping.
Day 2 (about 1 h)	Exam A Parte B, 20 min timed. Score with the key, log each miss and its trap type. Then the charts lesson and essay drills 1 and 2.
Day 3 (about 1 h)	Exam A Parte A on speakers, 20 min, and score it. Then the Unit 2 lessons (debt, environment, population, wellbeing), practice questions 16 to 30 and the cards you missed.
Day 4 (about 1 h)	Exam A essay: 10 min to read, listen and plan, 30 min to write. Score it with the key's six categories.
Day 5 (about 1 h)	Oral lesson and circumlocution. Record oral prompts 1 and 8 with a 7-minute timer; score with the oral pack rubric. Fix one tense pattern.
Day 6 (about 1 h)	Exam B Parte A and Parte B, 40 min timed, no notes, speakers. Score and review.
Day 7 (about 1 h)	Exam B essay (40 min), then the error log and the cram sheet. Nothing new.
Exam day	Cram sheet once, the preflight checklist, then go.

Preflight (day of)

- Laptop or desktop with microphone, Chrome, Honorlock extension, photo ID.
- Side camera: a supported smartphone with the Honorlock app, or a compatible USB camera. Scout's policy page mentions phone or tablet, but Honorlock's mobile guide says phones only, so do not plan on a tablet.
- Internet at least 1 Mbps down and 2.5 Mbps up (Honorlock minimum); run the system check.
- No headphones, notes away, other tabs closed. Scratch paper only if the exam instructions list it.
- Oral: read its instructions before opening anything; one attempt.
